

## Drawing Now Art Fair Paris May, 23 to 26, 2023

We are pleased to represent our artists again at the [Drawing Now Art Fair](#) in Paris this year. For its 16th edition, it returns to the Carreau du Temple in the 3rd arrondissement of Paris and will take place from **March 23 to 26, 2023**. This year we are presenting three very special artists who share their joy in the creative process, cannot do without creativity and who work every day. The focus of our presentation is on [Manuel Griebler](#), currently the youngest of our *Gugging Artists*. **Griebler** is a drawer through and through, using paper exclusively as his medium. His dense and colourful works are juxtaposed with those of the renowned artist [Leopold Strobl](#), whose small-format drawings on newsprint, which act like magnetic portals, transport us to landscapes of haunting beauty. **Strobl**, whose works can also be found in the renowned **MoMA** in New York, is of course also a fixed starter at the **Drawing Now Art Fair**. In addition, the delicate, meticulously elaborated pencil and coloured pencil drawings by [Christa Wiener](#) will be presented.

You will find us on the **Drawing Now Art Fair** at booth **C5**.
