

Invitation to the opening
maria bussmann & jürgen tauscher
curated by sara kay

Wednesday, October 16, 2024
07:00 pm *galerie gugging*

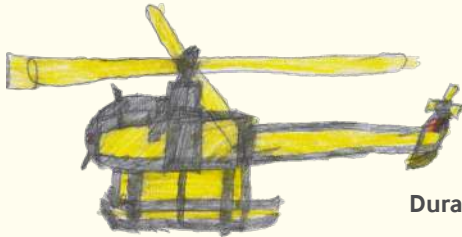

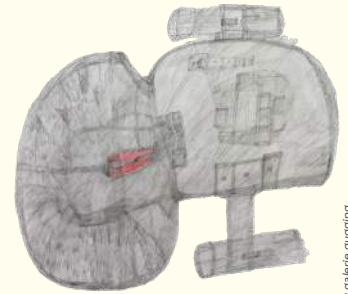

The drawings and objects of **Bussmann** and **Tauscher** are two distinct visual voices that together create a perfect pitch filled with sensitivity, creativity, imagination and contemplation. In this place where their lines come together both on paper and in space, their biographies fall away and what we are left with is coherence, beauty, a little humor, and a lot of humanity.

We are looking forward to your visit!

Sara Kay, Nina Katschnig & the *galerie gugging*-team

Duration of the exhibition: October 17, 2024, until February 9, 2025

The exhibitions at the *museum gugging* can be visited on this day from 5 to 7 pm with free admission.
